

PRESIDENCY OF THE REPUBLIC OF TURKEY INVESTMENT OFFICE

As of May 19th, the graph below illustrates the trends in the daily numbers of respective factors, namely Covid-19 cases, recoveries and death toll. With the beginning of May, notable decrease trends both in the number of death and Covid-19 cases have been in place.

Looking at the trends in the particular factors through the lens of cumulative numbers provides a better insight. The graph below clearly highlights that Turkey has already reached the peak level in the pandemic.
